PRESIDENT'S MESSAGE

Back in 1873 when a group of gentlemen decided to hold the first Caledonia Fair, I wonder what they were thinking? Could they imagine the changes that Haldimand County and this Country would experience by the time Canada had reached 150 years old? Did they think in their wildest dreams that the agricultural and arts fair they were starting would still be running to its 145th edition? Would they have any notion that their committee would grow into one of the largest and most active volunteer nonprofit organizations in the County? Whatever they thought then, their vision is what enables us to welcome you today to the 2017 Caledonia Fair as we “Celebrate the Maple Leaf!” It's Canada's 150th birthday, and the Caledonia Fair has been there for most of that time. We're celebrating our shared history with reflections of where we and the Country and been and how we have changed over the decades. We've got a great celebration of our past, but always with a firm foundation in the present and an optimistic eye to the future.

It's a pleasure to be serving as the 2017 President of the Caledonia Agricultural Society. We have a wonderful collection of over 225 volunteer members, plus other volunteers from all parts of Haldimand County, Lower Brant, and surrounding areas. Our members cover many diverse backgrounds, professions and ages, but have in common the love of rural living, promotion of local food, and dedication to this community. Together their thousands of hours of volunteer labour each year make the Caledonia Fair possible, while also enabling several other events and activities at the Fairgrounds. They work together to keep our grounds both a community greenspace, and a venue where community groups and visitors from all over can meet, stage events, and engage in activities on the beautiful banks of the Grand River.

Each year, our team works tirelessly to bring you the longest running annual festival in Haldimand County, the Caledonia Fair. It's a privilege to work with them to bring you the best in Agriculture and Local Food, Arts, Crafts, and Entertainment, and an honour to be a part of this community.

I hope you enjoy the 145th Caledonia Fair and thank you for your support.

CUT FLOWERS

All Cut Flowers must have been grown by the exhibitor. A bloom is defined as an individual flower, one to a stem, no buds. A spray is a portion of a plant with multiple blooms. A stem has one or more blooms or buds.

Tips for Conditioning to Prevent Wilting

Information taken from the Ontario Judging and Exhibiting Standards for Horticultural and Floral Design, 2010

- Place cut stems in a bucket of warm water for at least 3 hours, preferably overnight.
- Make a fresh, slanting cut, with the end of the stem under water, to maximize water intake.
- Re-cut stems before placing them in show containers.

Some cut flowers, foliage and woody materials do not absorb water well and need more treatment to prevent wilting.

- Ornamental branches may benefit from splitting the cut end. Some also need the thick outer layer removed.
- Some cut flowers that give off a white sap benefit from burning the stem (e.g. poppies).
- Some cut flowers benefit from placing stem ends in 2" (5 cm) of boiling water for 1-2 minutes, then placing them in cold water (e.g. dahlias, roses, rudbeckia). Protect the bloom with a paper collar.
